# Dear Friends,

*I want to personally take the time to THANK YOU, TEAMMATES, for your continued dedicated financial, prayerful support in 2022. I also want to extend deep gratitude to our siHi Board Members, Volunteers, Leaders and those encouraging behind the scenes. Every one of you play a special part, and this mission would not move forward without you.*

*Working with young ladies and women of all ages is one of the great purposes of my life. I am grateful that God gives me the strength, patience, fortitude and desire to share the hope and freedom found in the unconditional love of Jesus.*

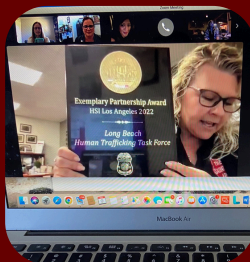

*As I write this, I am still on a journey of healing within my own story. I know as I dive deeper into areas of my heart I unknowingly wanted to keep "protected," I believe God is stirring in me continued vision and creativity to assist in the healing of the ladies He brings my way.*

*I see all of YOU as lights along my path of life, shining the way to further the assignment that He has called me to.*

*So, if you are reading this and desire to grow in understanding your story and how God might want to expand your heart for others, I encourage you to create space to DO IT. You never know who (a co-worker, child, spouse, friend, family member) needs to hear the pain they have experienced can be healed and used for a greater purpose. AMEN!*

*Here's to 2023!*

*Ericka*

## TESTIMONIALS

- *siHi taught me how to speak up & be brave!*
- *siHi encouraged me in my sobriety and taught me how important it is to have a "tribe" of women in my corner!*
- *siHi healed church hurt I have experienced in previous all women environments.*
- *For years, I had it on my heart to lead a siHi group, and took a leap of faith to do it! With the guidance of the amazing leaders of siHi, we had a successful virtual siHi group! Women from all over California participated, and God met each one of us uniquely. It was a blessed experience that changed hearts, and I am forever thankful to have been a part of it.*
- *siHi peeled off layers of shame, guilt, confusion and sadness in my heart, that were holding me back from a full walk with Christ.*
- *Restore helped me to have hope for overcoming my past. I realize I am not alone in my pain. Hearing how others recovered and restored and how Christ has been their anchor has helped me gain strength in my own walk and fully accepting Christ in my heart.*
- *Restore reminded me to remember God's promises for my life. I am learning to work through the lies I believed about myself. I know now I would like to advocate for others who have been through the pain I have been through. I am also hopeful that my family will be restored.*
