Dear Friends,

Thank you for your support in 2024!

Your faithfulness to our mission has allowed us to continue healing and restoring survivors. I'm honored to witness our girls transformation from struggling to flourishing. As you know, I began my master's program (MACP) in Fall 2024 to become a licensed therapist to better support the women we serve. To date, school has been quite a challenging but rewarding journey. On tough days, I press on reflecting on my "why" and that it was God who opened this door for me. Your prayers are always appreciated, especially during this season!

In 2025, we aim to continue our Restore and "Better Together" Survivor Support meetings, as well as our mentorship programs and serve projects. Later in the year, we plan to bring on administrative help one day a week and hope a dedicated survivor can fill this role. Please pray for God's timing and the funds needed for this position! A fundraiser will be coming soon to support this monthly stipend.

Additionally, after much prayer and counsel, we've decided to rename our nonprofit to "Survivors in Healing Identity" while keeping the acronym sihi. This new name better reflects our mission and purpose! As you review this report, and think of the people our organization and others like it reach and connect with, remember that YOU too are an intricate part of this work. We are all in this together, and we couldn't continue without you. Thank you for your ongoing prayerful support!

With humility and gratitude,

Ericka & team

Testimonials

"The survivor support meetings have helped my confidence and peace grow!"

L.J., Survivor

• "Ericka has been a consistent support in my healing journey. I am grateful!"

L.E., Survivor

• "Having a place to share without fear or shame."

E, Survivor

• "Thank you for being a constant presence in my life! I have hope for the future."

A, Survivor

Restore.

- **40+ women attended Restore Groups**
